

Global Male Tonic

Circulatory Support / Stamina and Recovery

Our **Global Male** formula is specially designed for men and their needs and uses the best adaptogenic herbal concentrates from around the world. These herbs have been synergistically blended to support and enhance male functions. They help increase testosterone levels,, provide good circulatory flow for a healthy libido, and calm and focus the brain and nerves.

Adaptogens: Most of these superior tonic plants balance, harmonize, and fortify the body while providing strength and stamina. Since many forms of stress can preclude physical and mental performance, these Chi tonics provide energy, improve circulation, and initiate recovery. Proper functioning of the liver, heart, spleen, stomach, and kidney organs play a key role in the body's ability to marshal its resources. American Ginseng and Siberian Eleuthero contain a good amount of germanium which helps with oxygen utilization. All the ingredients in **Global Male** contain detoxification compounds which improve blood flow, utilization of nutrients in food, and energy metabolism.

Cordyceps (whole mushroom/U.S.): A full spectrum extract of the mushroom that includes all stages of growth. It has a DNA profile which matches wild cordyceps. Cordyceps are adaptogenic, anti-viral, anti-inflammatory, cholesterol reducing, non-candida forming, and have unique immune and stamina enhancing factors. They can help regulate fluid metabolism, modulate the immune system, and provide cardiovascular support. They help increase testosterone and libido levels and provide endurance and a sense of well-being. Cordyceps contain complex carbohydrates and B vitamins.

Siberian Eleuthero (10:1)/root/Russia, Asia): Classic and best known of the Adaptogens; Siberian Eleuthero has been used in traditional medicine to treat many health conditions including for kidney and adrenal support, as a performance enhancer, as an immunostimulant. A general resistance and glandular tonic, Siberian Eleuthero provides energy, maintains vitality, helps with physical and emotional stress recovery, and promotes endurance and productivity. It has a normalizing and balancing effect on blood pressure, nerves, the endocrine and the circulatory systems, and on protein and fat metabolism.

American Ginseng (4:1/root/U.S.): A major, premium Adaptogen, American Ginseng provides circulatory (by increasing blood flow) and immune support. It is known as a stress reducer, hypertension balancer, and liver protector with anti-inflammatory benefits. It improves memory and has been proven to decrease blood glucose levels and weight. American Ginseng is well-respected worldwide for enhancing mental and physical well-being.

Tongkat Ali (Long jack) (100:1/root/Indonesia) is a traditional libido enhancer, it increases blood flow and is known to provide stamina for long jungle treks. It enhances performance, virility, endurance, and strength while burning fat. Studies have shown increased testosterone levels. Popular in Indonesia, Malaysia, Thailand, and China.

Ashwagandha (15:1, 2.6 withanolides/root/India, aka the Adaptogenic ginseng in India). A nerve and adrenal tonic that aids the central nervous system, strengthens the immune system, helps manage stress and improves memory retention. It helps bring oxygen to red blood cells and regulates blood sugar levels. It is used to combat weakness in Ayurveda medicine.

Tribulus Terrestris (40% Saponins/fruit/China), aka puncture vine). A libido enhancer reputed to restore and increase testosterone levels and help build muscle strength and mass.

Global Male Tonic

Circulatory Support / Stamina and Recovery

Hawthorn Berry extract (10:1/fruit/China, U.S.) has been called “a complete cardiac medicine.” It is valued for its heart-strengthening properties. It regulates both high and low blood pressure and improves the heart muscle itself. It increases the supply of arterial blood thereby benefiting circulation. Hawthorn flavonoids help calm nerves in situations of insomnia and anxiety. As an antioxidant, it neutralizes free radical activity as it harmonizes the formula.

Epimedium (Horny goat weed/China) (20% icarins /stem and leaf) has a long history as a male libido stimulant. By increasing nitrous oxide levels it relaxes smooth muscles and lets blood flow more freely for sexual stimulation. Hawthorn shows a similar biochemical pathway as the drug Viagra. It helps with recovery from fatigue.

Rhodiola (3% Salidroside/root/Russia) is an antioxidant that can increase physical performance and energy levels including dexterity and strength. It helps eliminate fatigue which enhances work performance and hastens muscle recovery. It promotes a sense of calm and relaxed well-being and a positive mental state. It benefits the nerves by relieving stress. Rhodiola balances blood glucose and cardiovascular levels and helps maintain healthy insulin levels.

90 vegi-caps, 800 mg each

***Suggested Use:* 2 to 4 capsules daily or as needed.**
