

# TURMERIC GOLD

*A full spectrum organic extract with co-factors*

**Turmeric Gold** is a full spectrum organic extract consisting of turmeric roots (chopped and juiced), shoots (sprouts), and flowers which yields a rich, deep gold color. This is activated with both black pepper and long pepper to increase absorption. **Turmeric Gold** is extracted in organic cane alcohol and purified, filtered water.

The legendary turmeric plant is rich in antioxidants and has been written about extensively. Its anti-inflammatory properties help improve liver functions, digestion, circulation, and blood purification. Our turmeric is organically grown on the California central coast.

**Ingredients:** Chopped and juiced roots, shoots (sprouts), and flowers of turmeric co-activated with black pepper and long pepper. Extracted using organic cane alcohol and purified, filtered water.

**Suggested Use:** 1–2 full droppers as a tea, in smoothies, salad dressing, or in any cooked or raw food.

*Available in 2 ounce dropper bottles.*
