

LIVER RESTORE

This plant-based blend of Eastern and Western standardized extracts and high potency herbal concentrates helps to stabilize, restore, and strengthen vital liver function. In traditional practice and modern research, the ingredients have shown the ability to protect liver cells from damaging effects, such as those from chemical pollutants, toxins, alcohol, and disease. This invigorating, nourishing formula may also be helpful in regenerating cell function in already damaged tissue.

The ingredients in our **Liver Restore** are:

Milk Thistle* (Pure extract, 80-85% silymarin) The classic, worldwide liver herb. As a liver protector, it counteracts the effects of numerous chemicals and toxins. Its active compound silymarin has the ability to inhibit agents that are responsible for liver damage, at the same time stimulating the growth of new liver cells to replace those damaged. It is therefore quite beneficial for chronic liver problems and their common skin conditions. Its long history as a liver restorative was already well established in references made to it in the Middle Ages.

Turmeric* (95% curcuminoids) A blood purifier and true liver tonic. Its curcuminoids help prevent lipid peroxidation, or rancidity, in the body's circulatory system. Well-known as a liver protector. The compound curcumin possesses the ability to protect the liver by detoxifying carcinogens. It decongests the liver and stimulates bile production for digestion and absorption of fats.

Schizandra* (10:1 / 9% schizandrins) A Chinese adaptogen known for the five major tastes of its fruit: sweet, sour, pungent, bitter, salty, each corresponding to the five elemental phases of Oriental medicine. Well-known as a liver tonic, balancing liver deficiency. It contains various lignans, which have been found to prevent liver damage, stimulate its repair, and support its normal functioning.

Dandelion Root* (4:1) A blood purifier and liver tonic. It stimulates the liver to detoxify poisons; aids in the recovery from many kinds of liver disease. Has high content of easily assimilable minerals, and is able to keep electrolytes in the body in balance. Certified organic.

Amla* (5:1) The premier blood purifier and rejuvenative tonic from India, equivalent of the Chinese schizandra. This rich, natural vitamin C source is considered one of the most effective herbs in ayurvedic medicine. Its astringent nature favorably stimulates the liver and protects it from toxins.

Picrorhiza* (5% kutkins) Himalayan herb known for calming the liver by taking away excess heat and inflammation, therefore has a liver protective effect. It also has antibiotic effects: Inhibits various pathogenic bacteria and fungi. Its similar activity to milk thistle should gain it popularity in the future.

Artichoke* (10:1 / 5% cynarin) Well-known vegetable with a cleansing (detoxifying) and healing effect on the liver and gall bladder. Is blood cleansing, and stimulates the production of bile.

Chanca Piedra (Phyllanthus Amarum) (20:1) Contains antioxidants, lignans, and tannins. Improves liver health, alleviates pain, and promote wound-healing. May help slow tumor growth and prevent formation of kidney stones.

Eclipta* (10:1) Chinese herb known to nourish and tonify the liver and kidneys and used for liver and kidney deficiency conditions. Cools the blood and is able to stop internal bleeding due to heat.

Bupleurum* (4:1) Chinese herb known for its liver and spleen harmonizing properties. Relaxes constrained liver and constriction in the chest from inflammation conditions. Contains a wide variety of essential fatty acids. Has an antibiotic effect. Used in treatment of upper respiratory infections.

Rehmannia* (10:1 / 1% catalpol) A Chinese root known for its blood purifying and revitalizing properties. An energy builder and harmonizer, it helps the body assimilate nutrients and eliminate waste, therefore nourishing of the liver and kidneys. It also has a positive action on the heart and circulatory system.

Burdock Root A blood purifier and liver tonic. It neutralizes and eliminates poisons in the system. Promotes kidney function. Best known for its beneficial effects on skin problems. Certified organic.

Spirulina A complete protein and entire B complex of vitamins that is nourishing to the liver. Rich in beta carotene, minerals, including trace minerals, and essential fatty acids. Has a strong ability to help get amino acids directly into the system, thereby relieving the liver of stress. Certified organic.
