**Instructions:** 1-2 dropper-fulls directly in mouth or in liquid each day or as directed by physician. Add to romantic desserts or consume approximately 1 hour before intercourse.

According to Web MD, approximately 10% of all men in the United States suffer from one form

of Erectile dysfunction or another. Between all of the stress of modern life, decreased exercise, poor diet and relationship dynamics, many modern men and women face difficulty in generating and maintaining a healthy sex life.

Additionally, it's important to note that sex can be of major benefit to the health and longevity of any relationship, strengthening the availability of daily fun, connection, and bonding brain chemicals. On a physiological level, sex has been clinically evidenced to fight depression, lower blood pressure, decrease wound healing times, boost the immune system, dramatically increase pain management, significantly decrease aging, and aid prostate health.

So you can see where this is going...

We have created a powerful herbal formula to boost libido and increase overall sexual functioning. Male Libido is designed to increase blood flow, energy reserves, sexual desire, sexual stamina, semen/reproductive fluid health, and support healthy reproductive/prostate tissue. Couples that play together, stay together!

Whether you are having reproductive health issues, sexual dysfunction or are doing great and just want to step up to the next level, Male Libido is a fantastic way to make everyone's day better, one dropper-full at a time!

Specially formulated for men, the herbs in Male Libido work synergistically to help support energy resources and balance. They are adaptogenic tonics in nature; they oxygenate and increase blood flow, and most are well known traditional libido enhancers. Also providing vitamins and minerals, they support prostate functioning.

### ***Ingredients:***

**American Ginseng:** Provides circulatory and immune support. A stress reducer, hypertension balancer, liver protector, an anti-inflammatory, memory improver, and is well known for vitalizing blood flow. Recognized worldwide as a premier adaptogen for enhancing mental and physical well-being.

**Milky Oat Straw:** Its high silica content strengthens the entire nervous system, providing steadiness and calm.

**Siberian Eleuthero:** A classic adaptogen, enhancing energy reserves and helping in recovery from both physical and emotional stress, providing adrenal support. Good for endurance, mood, productivity, and virility.

**Sarsaparilla:** A tropical root good for metabolic and endocrine support, known to enhance testosterone levels.

**Saw Palmetto:** Clinical trials have shown its benefits for nourishing and supporting prostate functioning.

**Tribulus Terrestris:** It is a libido enhancer, reputed to restore and increase testosterone levels and sex drive.

**Tienchi (Prince Ginseng):** It has the ability to increase coronary blood flow, thereby overall

**Muara Puama:** A strong energy and libido tonic, called “potency wood,” traditionally used for impotence.

**Catuaba** Traditional use in Brazil for its aphrodisiac property. Provides nervous system support and recovery.

**TongKat Ali:** A traditional libido booster from Southeast Asia, enhancing performance, virility, strength.

**Damiana:** Widely used in Mexico as an aphrodisiac, increasing energy and restoring libido.

**Hawaiian Ginger:** Used in the formula as a catalyst and carrier, clearing the circulation and moving blood.
