Whole Hemp Cream is packed with a wide variety of well-known healing ingredients that have been chosen to work together synergistically. It repairs and moisturizes the skin and is a perfect cream for alleviating chronic inflammation and its associated pain. The whole hemp plant has been utilized in this formula. The stems, roots, and leaves of hemp plants, grown organically in Oregon, are power-washed, cleaned, prepared, and soaked in coconut oil and glycerin which help activate the CBD and related compounds found in the body's own endocannabinoid system. Many of the ingredients in this cream are antibacterial, antiviral, antifungal, anti-inflammatory, and analgesic. This cream will help relax the body and help promote a good night's sleep and will also regulate and modulate stress and anxiety levels.

Ingredients: Organic Hemp Plants (the whole plant, infused in organic coconut and glycerin oils); Marula oil; Organic Aloe Vera (200:1); Opti-MSM®; DMSO; Extracts of Arnica, Usnea, Horse Chestnut, and Calendula; Essential Oils of Tea Tree, Lemongrass, Ylang-Ylang, and Orange; Acerola C; Vitamin D3; Vitamin E; Grapefruit Seed Extract; Triple UV-Treated Deionized Water

2 oz or 4 oz jar

SUGGESTED RETAIL = \$23 (2 oz), \$44 (4 oz)
