Wrinkle Release Skin Serum is designed to hydrate, moisturize and protect the skin. It enhances the skin's natural overnight repairing process with nutrients essential for collagen and elastin production, thereby helping to restore a youthful appearance. It is excellent for anyone who wants to maintain and improve the appearance of the skin, especially on the forehead and

around the eyes. It contains Argireline MPR (a muscle-relaxing peptide), a state-of-the-art ingredient that relaxes muscles on the face. Argireline does not paralyze muscles like Botox does and does not have the side effects of Botox. Its skin relaxing property is able then to reduce the depth of wrinkles. Argireline is a hexapeptide containing natural amino acids. With **Wrinkle Release**, the skin's smoothness is enhanced and fine lines are reduced. **Wrinkle Release** provides superior skin-soothing properties, increases cell turnover, boosts collagen production, and protects the skin from free radical damage. It helps the skin recover from sunburn and from chemical and pollution exposure.

Moisture is a key factor in plumping up the skin and reducing the appearance of fine lines. With Aloe Vera, tissue respiratory factor, sodium hyaluronate, vitamin E, and rosehip seed oil, **Wrinkle Release** moisturizes by its ability to super-hydrate the skin and it helps the skin retain moisture. It is also packed with reparative proteins and antioxidant herbs such as green tea, calendula, and rosemary. It also contains the free-radical scavengers coenzyme Q10, alpha-lipoic acid, DMAE bitartrate, and vitamins A, C, and E. The well-known ability of aloe vera to heal the skin is aided by hydrolyzed marine collagen, and vitamins A & E. Magnesium ascorbyl phosphate and ascorbyl palmitate are powerful forms of Vitamin C, that help strengthen capillaries and support the delivery of nutrition for the skin.

With its unique combination of botanicals, vitamins, minerals, and collagen boosters, **Wrinkle Release** creates an energizing, revitalizing emollient that helps protect and repair aging skin. Appropriate for wherever you wish to reduce wrinkles.

Ingredients: Organic whole leaf Aloe Vera concentrate with an herbal infusion of Calendula, Chamomile, Horsetail, Nettle, Oatstraw, Green Tea, Willow Bark, Rosemary; Vegetable Glycerin; Argireline MRP (10% concentrate); Alpha Lipoic acid; Vegetable Squalene; CoQ10; Ubiquinone; Saccharomyces cerevisiae; Tissue Respiratory Factor; Sodium: Hyaluronate, PCA, and hydroxymethylglycinate; Oat Beta Glucan; Natural DMAE; Bitartrate; Allantoin; Rose Hip seed oil; Hydrolyzed marine collagen; Magnesium Ascorbyl Phosphate; Ascorbyl Palmitate; Vitamin C; Liposome Delivery of Vitamins A and E; Vanilla extract fragrance; Grapefruit seed oil
